

Pranjal Atul Gadikar

Mob: +91 9762742174

Email Id: pranjalgadikar@gmail.com

Career Objective:-

To achieve best in my life and to contribute my technical skills and knowledge to the development & progress of the organization.

Educational Qualification:

Degree	Board/University	Year of Passing	Class
BE (E&TC)	Mumbai	2016-17	First Class
DIPLOMA (E&TC)	MSBTE	2013-14	First Class
HSC	Maharashtra State Board	2010-11	Second Class
SSC	Maharashtra State Board	2008-09	First Class

Technical Skills:

- Cisco Certified Network Associate (CCNA) in Routing & Switching. (Installation and configuration of routers, awareness in TCP/IP, OSI layers, IP- subnetting, VLAN, IPv4 & IPv6, administrator, networking, wireless technology, IP flow, Voice over IP). Routing protocols: Static, Dynamic, RIP, RIP V2, OSPF, IGRP, EIGRP, BGP
- Cisco Certified Network Professional (CCNP) in Routing. Routing protocols: RIP, RIP V2, OSPF (cost calculation, area concept, area design, multi area network, stub or totally stub area), IGRP, EIGRP (configuration, load balancing, summarization rule), BGP(configuration, attributes)
- Well known to VPN or tunnel concept, MPLS VPN.

- Knowledge of, VTP, STP, MSTP, RSTP, Port security.
- Well known about wireless technology, RF engineering.
- Working on NAC security.
- Working on SDWAN technology.

Work Experience:

- Name of Employer and address :- NTT India Private Limited, BKC, Mumbai
- Department:- Working for client IDFC First Bank,
- Duration:- July 2023 to current
- Position:- Senior Network Engineer

Main Activities & responsibilities:

- Hands on experience & managing LAN, SDN, WAN, SDWAN, DC Networking, WiFi (Aruba & Arista) Wi-Fi protocols (802.11a/b/g/n/ae/ac).
- configuring Cisco ACI (Tenants, Bridge domains, End point groups, Security policy, VRFs etc.)
- Configuration of VLAN, VTP, DTP, 802.1Q trunk, STP, MSTP, BGP, OSPF, Static routing, ACL, SNMP config,
- Hands on experience of managing MPLS network connectivity. working on WAN routers (Cisco ASR, ISR or Juniper SRX, MX etc.)
- Configuration and management of Aruba Silverpeak SDWAN solution.
- Working on Citrix NetScaler SLB & LLB
- Working on ITSM, BMC entuity, SNOW APM, NPM, cisco prime tools.

Work Experience:

- Name of Employer and address :- Reliance Jio Infocom Limited, Reliance Corporate Park, Ghansoli, Navi Mumbai.
- Department:- SDWAN & MCPE
- Duration:- January 2022 to June 2023
- Position:- Assistant Manager- SDWAN MCPE Engineer

Main Activities & responsibilities:

- Responsible for migration of traditional branch network to SDWAN solution & monitoring
- Currently working on Citrix and Viptela SDWAN operation delivery and assurance.

- Coordination with TAC teams for end to end resolution on outages.
- Upgradation and backups of Citrix SDWAN versions.
- Service delivery and assurance of managed CPE customers.
- Hands on experience on cisco routers & switches with L2 (read, write, No) access
- Coordination with field teams during implementation of SDWAN solution.
- Installation and configuration of MCPE devices.
- Installation and configuration of switch (Cisco 2960,2950,1900,3560)
- Experience in configuration of VLAN using cisco routers & multilayer switches & supporting STP,RSTP
- Upgradation and backups of cisco router IOS configuration files.
- Written communication with service provider's NOC teams for troubleshooting.
- Working on number of NMS tools for day to day operations.

Work Experience:

- Name of Employer and address :- Dimension Data India Private Ltd, BKC, Mumbai (SequelOne Solutions Pvt. Ltd)
- Department:- Working for client Bank of India, data center, Belapur
- Duration: - January 2020 to December 2021
- Position:- Network Engineer

Main Activities & Responsibilities:

- Closely working with Bank of India for operations & provisioning of branch network all over India.
- Troubleshooting of complex LAN/ WAN infrastructure.
- Hands on experience on cisco routers & switches with L2 (read, write, No) access.
- Installation and configuration of router (Cisco-1700, 1841,1921,1941, ISR4221, MSR 20-11, MSR 30-20)
- Installation and configuration of switch (Cisco 2960,2950,1900,3560)
- Configuration, migration and troubleshooting on SDWAN routers.
- Configured and troubleshooting VLANs, VTP and STP
- VLAN creation, assigning ports in VLAN and configuration of port-security.
- Configuration of IPsec on cisco routers.
- Migration of MPLS branch network to DMVPN configuration.
- End to end provisioning with awareness of BGP, OSPF configurations and troubleshooting.
- Upgradation and backups of cisco router IOS configuration files.
- Configuration and troubleshooting of NAC (Network access control) security for switches, routers to end point devices.
- Worked on security level with RADIUS, TACACS+
- Coordination with field teams during implementation and configuration of MPLS as well as RF link.

- Working on Monitoring & automation tools i.e., Solar winds, HPNA, Entuity, Cisco prime, BMC TSNA, BMC remedy.
- Written communication with service provider's NOC teams for troubleshooting of problem.
- Maintaining data for all commissioned links of all service providers.

Work Experience:

- Name of Employer and address :- Tikona Infinet Ltd, Bhandup ,Mumbai
- Department:- NNOC
- Duration :- From August 2017 to November 2018
Position:- Network Executive
- Duration: - From December 2018 to December 2019.
- Position:- Senior Network Executive

Main Activities & Responsibilities:

- Operations on network management tools like Flexmaster, Capostone, CNmaestro, Aircontrol, WNMS etc
- Hands on experience on cisco routers & switches with L2 (read, write. no) access.
- Responsible for provisioning & monitoring enterprise as well as broadband links.
- Troubleshooting on switches radios & AP.
- Coordinating with field engineer for switch configuration like Cisco, Huawei, TP-link, Rascom, D-link, Mogra, RTS etc. Configuration of radios like Cambium, Ubiquity, legowave , Radwin, TP-link radios etc. configuration of AP's (Access point) like cambium AP, ruckus AP, T301 AP.
- Configuration of Cisco, HP, TP-link, Rascom, D-link switches & troubleshooting.
- Resolving looping or MAC flapping issue on cisco & TP link switches.
- Working on Monitoring tool like Capstone, MRTG (Multi Router Traffic Grapher)

Internship:

- Industry Name:-Indian Railway (Mumbai Central)
- Work type :- Train management Intercom system and telephone exchange
- Duration :- 14 Days

Achievements:

- Certified in Cisco Certified Network Associate, (Cisco ID:-CSCO13380643) from 31 Oct 2018.
- Certified in Cisco CCNP 350-401 ENCOR Exam and Certification, (Cisco ID :- CSCO13380643) from 23 Nov 2021.
- Trained in CCNA (Routing And Switching) from RST Forum, Mumbai
- Trained in CCNP (Routing) from RST Forum, Mumbai
- Certified in PLC & SCADA by prolific from 12th to 16th July 2016 at RMCET, Ratnagiri.
- Certified in embedded system programming by prolific from 24th to 28th September 2016 at RMCET, Ratnagiri

Personal Qualities:

- Enthusiastic, confident, energetic & have the ability to grasp new things
- Worked in the college committee head 2016-17 for our own fest
- Successful participation in “Agneya 2k17” Techfest.
- Can be a very good co-coordinator.
- Good Leadership qualities.

Hobbies:

Travelling, Watching Movies, Playing volleyball & cricket, Net Surfing, Reading

Personal Details :

- Date of Birth : 3rd August 1993.
- Marital Status : Single.
- Mother Tongue : Marathi.
- Nationality : Indian.
- Languages Known : English, Hindi, and Marathi.

Declaration:

I hereby declare that all the above information provided best to my knowledge and will be responsible for my candidature.
