SUMMARY

Results-driven Software Development Professional with over **8.7 years** of experience, including **5 years on-site in Germany**, adept at leveraging contemporary cloud-based technologies to drive project success. Skilled in **Full Stack Development**, agile methodologies, and effective team collaboration. Proven track record of delivering high-quality, scalable solutions within demanding timelines. Seeking to contribute expertise in **JavaScript, React, Node**, and **cutting-edge technologies** to a dynamic development team.

SKILLS

- **Languages and Frameworks:** JavaScript, ReactJS, Typescript, NextJS, Redux, Vue JS, Vuex, Node JS, Express JS, Python, HTML5, Bootstrap, SASS, CSS3, D3, SQL, MUI
- **Testing:** Jest, Enzyme, Jasmine, Cypress
- **Database:** MySQL, PostgreSQL, SQL, Mongo DB
- **Tooling & CI/CD:** Git, AWS, GCP, Webpack, Docker, Kubernetes, HELM, Postman, ESLint, SonarQube, GitLab, Jenkins, GitHub, JIRA, Confluence, Figma - Proficient in containerization and orchestration using Kubernetes, with hands-on experience setting up CI/CD pipelines.
- **Conceptual:** Data structures and Algorithms, REST API, Microservices, Micro frontends, Secure coding, Performance Optimization, Web Accessibility, Clean code
- **Interpersonal:** Transparent communication, Conflict resolution, Escalation handling, Peer to peer learning, Mentoring and team upskilling, Constructive code reviews

WORK HISTORY

Lead Developer, Synechron Gmbh, Frankfurt, Germany

Nov 2019 to Current

- Saved **€200,000** annually by recommending the replacement of third-party applications with an in-house micro frontend project using **React, Typescript, Redux, Webpack**, and others.
- Played a key role in business-oriented delivery teams, actively participating in the implementation of UI/UX and Backend-for-Frontend (BFF) solutions.
- Utilized **Docker** and **Kubernetes** to orchestrate multiple containerized services, achieving a highly scalable high-traffic architecture.
- Provided **SL3 production support**, demonstrating expertise in monitoring and quickly resolving UI-side bugs, compatibility issues, and connectivity challenges, ensuring uninterrupted service delivery.

Senior Software Developer, Synechron, Pune, India

Oct 2018 to Nov 2019

- Interfaced with front-end and back-end development teams to develop a unified product with the underlying infrastructure completely **containerized** and cloud-based on the **Google Cloud Platform**.
- Interfaced with **cross-browser-compatible** front-end and BFF development with cross-functional teams to develop a unified product, smoothing out coding conflicts before problems arose.
- Pioneered new code review methods and **code quality** metrics to incorporate a wider range of voices.
- Followed agile development processes, including sprint planning, daily stand-ups, and retrospective meetings. Documented technical specifications, system architecture, and deployment procedures using **JIRA Confluence** to facilitate knowledge sharing and onboarding of new team members.

Software Developer, Claim Genius Inc, Nagpur, India

Oct 2017 to Oct 2018

- It was developed and implemented user-friendly and responsive web and cross-platform mobile applications using **ReactJS**, **Node JS**, and **MySQL**, resulting in a **40%** increase in traffic over 6 months.
- Extensive experience configuring and maintaining CI/CD workflows across **Dev**, **QA**, **staging**, and **production** environments to ensure seamless software delivery.
- Resolved complex technical issues and bugs on time to minimize disruption to project timelines.

Software Developer, Smart Softwares Inc, Nagpur, India

Aug 2015 to Sep 2017

- Quickly adapted to and implemented the latest technologies of the time, including **JavaScript**, **SASS**, **ReactJS**, **GitHub**, and **Jest** to enhance project efficiency and effectiveness.
- Collaborated with cross-functional teams to craft and develop **reusable UI components** for the company's design system, ensuring consistency and scalability across projects.
- Briefly worked on the portlet environment before working on **SPA**.

EDUCATION

- **Master of Technology** in Computer Science and Engineering (**Distinction**) **2014**
RTMNU, Nagpur University, India
- **Bachelor of Engineering** in Computer Science and Engineering **2011**
RTMNU, Nagpur University, India

PERSONAL DOSSIER

- **Work Permit:** Germany (Blue Card)
- **Google Certified:** GCP-Associate Cloud Engineer
- **Databricks Certified:** Generative AI Fundamentals
- **Hacker Rank Certified:** JavaScript, React & SQL certified
- **Preparing for Certification:** AWS Developer Associate
