ABOUT ME

As a highly Creative Graphic Designer and UI Designer with 2 years of exp., I am passionate about designing innovative and visually striking solutions. With expertise in Adobe Suite, Figma, and UI design, I am committed to delivering exceptional results that captivate and inspire.

WORK EXPERIENCE

April 2022
-Present

GRAPHIC DESIGNER
Boolean Data Pvt. Ltd.

- With 1 years of experience, I have designed visually appealing marketing collateral, including brochures, flyers, digital ads, print media, websites, videos, and event campaigns, to increase brand awareness and drive customer engagement.
- Collaborated closely with cross-functional teams, including marketing, sales, and product teams, to ensure that designs aligned with brand guidelines and business goals.
- Conducted research and analysis to inform design decisions, such as competitive analysis and customer research.
- Presented design concepts and ideas to clients and stakeholders, and incorporated feedback to refine designs and ensure alignment with project goals.
- Managed multiple projects simultaneously, ensuring timely delivery of high-quality work.
- Stayed up-to-date with industry trends and software tools, and shared insights with team members to drive continuous improvement.
