Contact No.: +91-8088892635

Email id: [vaishnavihiemath8088@gmail.com](mailto:vaishnavihiemath8088@gmail.com)

## OBJECTIVE

To obtain an entry level position at a respected organization and utilize the educational qualifications and training in SQL, JAVA and Databases to add value to your company.

## TECHNICAL SUMMARY:

### CORE JAVA

- Comfortable in OOP'S concept.
- Practically implemented Custom sorting using Comparable and Comparator.
- Practically implemented different Collection member like Set, List, Queue.
- Comfortable in Exception Handling and Written Custom Exception.
- Confident in Multi-Threading IO and Serialization
- Solid understanding of JDBC API with Architecture.
- Practically implemented PreparedStatement and Performed CRUD Operations
- Knowledge of Factory and Singleton design Pattern.
- Practically implemented the Hibernate concept like Mapping, caching, JPA.
- Understanding of IOC and DI in Spring and Knowledge of RESTful API in Spring boot.

### SQL

- Understanding of RDBMS concepts like constraints, normalization, table.
- Knowledge of writing SQL Queries. Understanding of SQL Concepts like Grouping, Sub Queries, Functions.
- Understanding of SQL Joins (Inner Join, Left Outer Right Outer Join & Full Outer Join).
- Knowledge Of DML, DDL, TCL, DCL, DQL

## TECHNICAL SKILLS

- **Programming Language : Java, Database**
- **Web-Technology: HTML, CSS.**
- **Tools used : Eclipse, SQL Plus, VSCODE.**

## PROJECTS

### SignUp Project Using Spring

The main aim of designing and developing this project is to create the sign up page by validating the Userid ,User name , password by using spring. In this I created the separate classes of controller , service , repository and model. I used the aop layer for validating the password and email also created custom exception. In spring I used the annotation for connecting the different layer and added the servlet for web request and response .

### Banking Application System Using Core Java And Sql

The main aim of designing and developing this project is to provide secure and efficient net banking facilities to the banking customers over the internet. Oracle, SQL and database used to develop this bank application, where all banking customers can login through the secured page by their account login id and password.

## ACADEMICS

1. Visvesvaraya Technological University 2019 - 2023  
Bachelor of Engineering, Electronics and Communication  
Bheemanna Khandre Institute of technology, Bhalki  
Percentage – 75.32%
2. Pre-University College of Science 2017- 2019  
Muktambika PU College of Science, Kalaburagi  
Percentage – 82%
3. SSLC 2016-2017  
Chawadapuri Hiremath High School Kannada Medium Kalburgi  
Percentage—84.64%

## STRENGTHS.

- **Individual As Well As Team Player.**
- **Leadership Skills**
- **Quick Learner**
- **Effective Communicator**
