KARURU DHAMU

SENIOR GRAPHIC | UI/UX DESIGNER

ABOUT ME

As a senior graphic and UI/UX designer, I would like to present myself as creative, dynamic, accountable, and attentive. I am a motivated individual who will create innovative designs if given a concept or objective. If you give me a deadline, you can be sure I will meet it. I thrive on difficult work and view every day as an opportunity to develop. I work well in a team and do my best to consider the needs and emotions of my coworkers. Reading novels, dancing, playing soccer, listening to classical music, and playing cricket are some of my pastimes. I'm hoping to become a valuable member of your team of talented designers and contribute greatly to the development of the company.
