*Passionate and highly effective Team Lead successful at building Android applications and managing the Android Development team. Well-educated and poised with 9+ years of expertise. Trained in Android Application Development with experience in performing quality inspections.*

## EXPERIENCE

---

### Ahead WebSoft Technologies Pvt Ltd

*Sept 2020 - Present*

#### Team Lead

Reported on updates to project specifications and progress.  
Minimized resource and time losses by addressing employee or production issue directly and implementing timely solutions.  
Continuously checked products for quality assurance according to strict guidelines.  
Managed schedules, accepted time off requests and found coverage for short shifts.  
Maintained comprehensive knowledge of mobile development cycle and addressed challenges arising in each phase.  
Worked with teams from other projects and departments to create apps driven by customer input.  
Managed aspects of Android app lifecycle from research and planning through deployment and post-launch support.  
Successfully integrated push notifications into apps, bolstering user engagement.  
Provided dedicated support and timely issue resolution to clients following successful app launch.  
Collaborated with cross-functional teams to define and design new features.  
Used specific code versioning tools to manage and implement changes to programs.  
Tested applications prior to final review to verify issue resolution.  
Consistently used Android SDK to produce highly effective and nuanced content.  
Devised techniques for better modularity, testability and maintainability of front-end applications.  
Supported team members with one-on-one and group trainings.  
Analyzed applications to identify and document weaknesses and errors.

---

### B2CVertical

*Jan 2019 - Sept 2020*

#### TEAM LEAD

Reported on updates to project specifications and progress.  
Minimized resource and time losses by addressing employee or production issue directly and implementing timely solutions.  
Tracked receipts, employee hours and inventory movements.  
Managed schedules, accepted time off requests and found coverage for short shifts.  
Established open and professional relationships with team members to achieve quick resolutions for various issues.  
Continuously checked products for quality assurance according to strict guidelines.  
Handled troubleshooting tasks and used repair methods to immediately rectify assembly line issues.

---
