PROJECTS

Project Title:Whatsapp Status Saver

Description:

I did a mini project of Application Development by using Java Technology. As part of this I have created an application namely "WhatsApp status Saver".By having this application in our mobile we are able to download viewed statuses for further glance. And saved statues will be stored in gallery option of the application,from there we can view ,share and delete basing on our interest. The main moto of doing this application is to save and share memorable,motivational,and inspirational statues.

Project Title: Object detection for blind

Description:

And I did a mini project namely Object detection for blind under the domain of AWS. This project is about recognizing of objects by taking snapshot using camera. Our model detects all the objects and gives a voice message so that blind people can know the objects surrounded by him and get alert.
