Profile Summary

- ❖ Leveraging **9 years** of experience across **House Roofing Insurance, Online Food Ordering, Quick-Commerce Service, Healthcare, and Education industries**.
- ❖ Currently serving as **Sr. Software Engineer** at **EagleView, Bengaluru**.
- ❖ Led **Software Development Lifecycle (SDLC)** right from requirement analysis, and documentation (functional specifications, technical design) to maintenance of proposed applications.
- ❖ Developed & deployed responsive, visually appealing, and user-friendly **iOS mobile applications** that align with industry best practices, leveraged **React-Native, React.js** and associated technologies to craft dynamic and responsive solutions.
- ❖ Conducted **code reviews, troubleshoot & resolved issues, bugs**, and performance bottlenecks to deliver high-quality, bug-free applications, **optimized application performance**, and implemented enhancements to improve overall user experience.
- ❖ Worked on projects right from the stage of scoping, tracked project progress and **identified & defects**, issues if any, also, worked to improve the release management process.
- ❖ Employed **Agile methodology**, and participated in Scrum events including sprint planning sessions, backlog grooming, daily scrums, sprint reviews, and sprint retrospectives.
- ❖ Led teams, conducted **knowledge transfer sessions** and determined the critical knowledge, processes, tools, or best practices that need to be transferred.

Core Competencies

Software Development Lifecycle

Code Optimization

Agile Framework

Scrum Events

iOS Application Design & Development

Web Application Development (React.js)

React Native Application Development

Training & Knowledge Sharing

Requirement Gathering & Analysis

Debugging & Troubleshooting

Defect Management

Team Management & Leadership

Technical Skill

	iOS
	Swift
	React-Native
	React.js
	XCode
	Visual Studio Code
	Git

Education

B. E. (Computer Science & Engineering), Visvesvaraya Technological University (VTU)

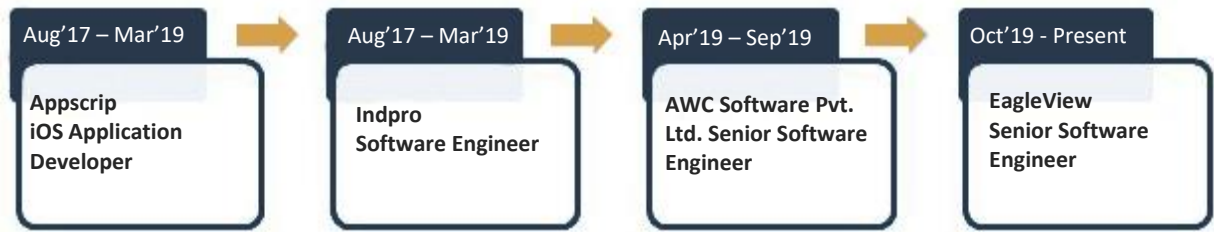

Soft Skills

Communication, Adaptability, Creativity, Analytical, Collaboration, Leadership, Data Acumen, Decision Making

Career Timeline

Work Experience

Oct'19 – Present
Key Result Areas:

EagleView as Senior Software Engineer

- ❖ Leading design, development, and maintenance of cutting-edge iOS(Swift), React-Native, and ReactJs-based Web applications, ensuring optimal performance and adherence to UI/UX standards.
- ❖ Collaborating closely with cross-functional teams to translate design concepts into seamless user experiences, fostering synergy and achieving project goals efficiently.

Apr'19 – Sep'19
Key Result Areas:

AWC Software Pvt. Ltd. as Senior Software Engineer

Client: Publicis Sapient, Bengaluru

- ❖ Played a pivotal role as a Mobile App Developer in the design, development, and maintenance of the McDonald's iOS(Swift) Application, ensuring seamless user experiences and optimal performance.

Aug'17 – Mar'19
Key Result Areas:

Indpro as Software Engineer

- ❖ Functioned as a Mobile App Developer, leading the design, development, and maintenance of high-quality iOS(Swift) and React-Native applications, ensuring adherence to best practices and industry standards.
- ❖ Demonstrated autonomy and initiative by spearheading the development of an iOS(Swift) application, taking full ownership of the project lifecycle from conceptualization to deployment.

Apr'15 – Aug'17
Key Result Areas:

Appscrip as an iOS Application Developer

- ❖ Contributed significantly as an iOS(Swift and Obj-C) App Developer, leading the design, development, and maintenance of high-quality iOS applications with a focus on optimal performance and user experience.
- ❖ Specialized in the development of Food Ordering Apps and Service Provider Apps, leveraging industry best practices to deliver innovative solutions that meet client requirements.
