2018-2019

XII with 61%

X with 93%

## TRAINING UNDERGONE

Software Testing from QTree Technologies, Coimbatore.

## INTERNSHIP

Powersoft Techno Solutions, Coimbatore.  
(Feb 2024-May 2024)

## MANUAL TESTING

- Static Testing and Dynamic Testing
- Writing, Execution and Reviewing of Test case
- SDLC and STLC
- Defect life cycle

## TOOLS

- Selenium WebDriver
- Figma

## PROJECTS

**\*\*Project:** Building Management System

### **Responsibilities:**

- Conducted comprehensive testing phases including Smoke, Sanity, Regression, and Retesting to ensure the quality and functionality of both the web and mobile applications.
- Independently managed all testing phases throughout the project lifecycle, from requirement analysis to test execution and defect tracking, ensuring timely delivery and high-quality outcomes.

- Maintained meticulous documentation of test cases, test results, and defects, providing clear and concise reports to stakeholders and facilitating effective communication within the project team.
- Leveraged Figma for testing purposes, facilitating comprehensive evaluation and feedback on interface design, functionality, and user experience to ensure the quality and effectiveness of digital products.
- Collaborated closely with development teams to identify, prioritize, and resolve software defects, ensuring a smooth and efficient testing process throughout the project lifecycle.

**\*\*Project:** Warehouse Management billing software

#### **Responsibilities:**

- Provided critical support as a tester by conducting various types of testing such as Functional and usability testing to ensure the reliability and efficiency of warehouse management software for both web and mobile applications.
- Collaborated closely with end-users and stakeholders to gather requirements, identify issues, and validate solutions, contributing to the enhancement of user experience and overall system performance.
- Played a key role in the implementation of quality assurance processes and procedures, including test case development, execution, and defect tracking, resulting in improved product quality and customer satisfaction.

### **CERTIFICATIONS**

- Attended **TCS NQT -IT** Career Readiness Test and Scored 60% in Foundation Section, 72.53% in Advanced Section and 70.91% in Programming Section
- Completed IYPT 2019 International short-term Certification

### **EXTRA-CURRICULAR ACTIVITIES**

- Active member in CITIZEN CONSUMER CLUB,
- Participated in INFINITY2k20, a state level intercollegiate meet by i-math club in PSNA college in the year of 2019.
- Represented as **CAMPUS AMBASSADOR** of our college in the academic year of 2021-2022.

### **DECLARATION**

I, hereby declare that the above particulars of facts and information stated are correct to the best of my belief and knowledge.
