TECHNICAL SKILLSET

- NET Core
- Angular
- C#
- TypeScript
- ASP.NET Core
- Entity Framework Core
- SQL Server (or any other databases you're proficient in)
- HTML5
- CSS3
- RESTful API development
- Redux (or other state management libraries/frameworks)
- Angular Material
- OAuth 2.0 (for authentication and authorization)
-
- aVaScript
- Bootstrap
- jQuery
- Node.js
- Express.js
- Git (Version Control)
- Agile Methodologies (e.g., Scrum)
- Docker
- Microservices Architecture
- Azure (or other cloud platforms like AWS or Google Cloud)
- SignalR (real-time web functionality for .NET)
- JSON (JavaScript Object Notation)
- WebSockets
- Unit Testing (e.g., NUnit, MSTest, Jasmine)
- Continuous Integration/Continuous Deployment (CI/CD) pipelines

CERTIFICATIONS

- AZ-900[Microsoft Azure Fundamentals]
- DP-900[Microsoft Azure Data Fundamentals]
- SC-900[Microsoft Security, Compliance]
- AI-900[Microsoft Azure AI Fundamentals]
- MS-900[Microsoft 365 Fundamentals]
- PL-900[Microsoft Power Platform Fundamentals]

ACHIEVEMENTS

- Received "DU Star Performer" Jan 2023 award for completing the Regression and End to End Developments with test scripts within estimated due date.
- Received "Lightning star" award twice for quickly learning the skillsets involved and taking ownership - 2022

KNOWLEDGE BASE

- Object-oriented design
- Data structures and Algorithms
- Problem solving skills
- Experience of working in an Agile Environment

PERSONAL PROFILE

"I am an accomplished Full Stack .NET Developer with a wealth of experience spanning 4 years 6 months (54 Months) in the dynamic realm of software development. My proficiency extends across diverse technological domains, encompassing cross-platform development, Version Control Systems (VCS), SQL, Oracle, comprehensive testing methodologies, and the cutting-edge Angular framework. My fervor lies in crafting streamlined and pioneering solutions that propel businesses towards resounding success. Possessing a robust foundation in both front-end and back-end development, I am unwavering in my commitment to delivering top-tier software products that not only align with client requirements but also surpass their loftiest expectations."

WORK EXPERIENCE

Accenture - Bangalore | Oct 2021 - Present

Onsite Experience @ Netherlands /Belgium /Czech Republic)

Senior Application developer (.NET full stack and Angular)

Project Lead (Application designing and develop) (Feb 2023 - Present)

- As a Senior Developer, I exhibited proficiency in a wide array of technologies, including C#, SQL Server 2012, MVC, ASP.NET, WebAPI Core, Swagger, REST API, unit testing, integration testing, Angular, and Oracle Database. Furthermore, my responsibility for end-to-end development and deployment in the Azure cloud exemplified my commitment to delivering high-quality solutions.
- **End-to-End Development and Deployment** :Responsible for end-to-end development and deployment in Azure cloud environment.
- **Client Engagement Mastery** :Directly engaged with clients to outline project scope, interaction guidelines, and timelines.Fostered clear communication channels to enhance project success.Project
- **Efficiency Enhancement**:Orchestrated seamless coordination across project phases.Ensured comprehensive documentation and rigorous phase adherence.Achieved a remarkable 30% reduction in errors.Boosted overall efficiency by an impressive 25%.
- **Defect Identification and Resolution**:Proactively identified defects and bugs.Swiftly rectified issues and provided vital support during the testing phase.

Junior Application developer (ASP .net , MVC ,oracle)

- Spearheaded a cutting-edge project in the Azure cloud environment, focusing on Web and Database automation. Leveraged .NET to meticulously craft Regression and End-to-End (E2E) test scripts.
- Collaborated closely with my project lead to establish robust **Azure CI/CD** pipelines, enabling both parallel and sequential execution of test suites. This integration significantly streamlined the execution of Regression tests, enhancing project efficiency.
- Demonstrated prowess in crafting optimized **SQL** queries tailored for integration within our Automation Test Suite, ensuring consistent and reliable results across each test run.
- Championed the development of comprehensive end-to-end APIs, leveraging both .NET technologies and **Oracle** databases, to facilitate seamless data interactions and system functionality.
- Proficiently utilized essential tools and methodologies, including **GitHub** for version control, **TestNG** for test automation for project management, and Agile methodology for project execution.

Cognizant - Hyderabad | July 2019 -Sept 2021

Full stack junior Developer (Application develop)

- Technology Stack: Proficiently worked with **ASP.NET, VB.NET, SQL**, including stored procedures, **Entity Framework, Dapper, Fluent Assertion, and UI testing**. Developed and maintained applications using **jQuery, React, and Redux**.
- Versatile Role: Played a multifaceted role, encompassing testing, production support, and application development, showcasing adaptability and commitment to project success.
- Application Development: Actively contributed to the development of web applications, ensuring functionality, usability, and performance met client requirements.
- Utilized **ASP.NET and VB.NET** to develop feature-rich web applications.
- Leveraged **Entity Framework and Dapper** for efficient database interactions.
- Employed **Fluent Assertion** to streamline testing processes and enhance code quality.
- Seamlessly integrated **jQuery** for interactive and responsive user interfaces.
- Testing Expertise: Demonstrated a keen eye for detail in the testing phase, ensuring the reliability and robustness of software products.
- Conducted comprehensive **UI testing**, identifying and issues early in the development cycle.
- Collaborated with the QA team to refine testing strategies and improve overall test coverage.
- Employed **Fluent Assertion** for clear and concise test result reporting.
- Production Support: Provided crucial support for production systems, swiftly resolving issues and ensuring the uninterrupted operation of critical applications.
- Collaborated with cross-functional teams to diagnose and resolve complex issues promptly.
- Adaptive Learning: Embraced new technologies and tools, such as **React and Redux**, expanding the skillset and staying at the forefront of industry trends.
- Contributed to the adoption of **React and Redux** for enhanced front-end development.

EDUCATION

- Indian Institute of Management Kashipur (MBA in Analytics-Present@IIM)
- Jalpaiguri Government Engineering College(B. Tech in Electronics and Communication Engineering July 2015 - June 2019 | CGPA 8.34/10.00)
- High School - Science(April 2013 - Mar 2015)
