Parupalli Sai Likhitha   slikhitha303@gmail.com
Flat No- G4, Sri Tirumala Arcade,   linkedin.com/in/sai-likhitha-7ba792202/
Kothapet, Hyderabad – 500 035.   Ph: 91- 8331903569

Objective:

To attain a higher level and provide satisfaction with my knowledge and proficiency which spans over Full Stack development as well as Machine Learning techniques.

• Reaching out for a prominent yet creative base experience that could enhance my professional career.

Work Experience:

Start Date – End Date: 24/07/2023-1/08/2023.
Position: Freelance Web Developer
Line of work: Created a Boutique E-commerce website
Work Course: According to client requirements, accustomed the website design
- Curated a fully working e-commerce website with the use of shortcodes, PHP and HTML codes and many more newly updated features.
- Website link: https://kvsrentalwear.com/

Start Date – End Date: 08/05/2023-30/06/2023.
Position: Information Technology Intern
Name of the Company: NewMark CRE Services (Cantor Fitzgerald)
Work Course: Dealt with the internal infrastructure and architecture under DevSecops along with aiding in frontend and backend applications:
- Created Readme files and documented significant user and server changes, enhancing project understanding and transparency for multiple GitLab projects including AWX, Vault-Permissions, Ansible Automation, and Self-service Project: Azure AD Token and many more.
- Created SQL queries related to server components for hosting them on Grafana.
- Demonstrated knowledge and experience in Python and Java including mastery of their syntax and the ability to develop code effectively leading to automations.
- Curated Python scripts to perform targeted file tracing and extraction within GitLab CI/CD repositories, specifically identifying files with the required extension, streamlining the process of locating and managing configuration files along with performing CRUD operations.
- Collaborated closely with UI/UX designers to translate design concepts into visually appealing and user-friendly interfaces.
- Designed and implemented RESTful APIs – Python scripts to ensure seamless integration between front-end and back-end systems.
- Wrote clean, efficient, and well-documented code following industry best practices.
- Conducted thorough testing and debugging of applications via Databases(DB Visualizer) to ensure optimal performance and reliability.
- Collaborated with cross-functional teams, including product managers, designers, and other developers, as well as system engineers to gather requirements and deliver high-quality solutions.
- Stayed up to date with the latest trends and advancements in web development technologies and frameworks.

Start Date – End Date: 29/06/2022-28/07/2022
Position: Content Writer and Web Developer
Organization name: Guru Nanak Institute of Technology
Work Course:
- Emphasized being a team player and showed great group skills.
- Communications were used for creating a website for the homeopathy branch of my own college using technicalities of WordPress, HTML, CSS.
- Website link: https://gnhmch.in/

Start Date – End Date: 21/02/2021- 21/04/2021.
Position: Campus Ambassador
Company Name: Verzeo
Special Achievements:
- Contributed to student data for the company and attracted a lot of growth for the organization.

Educational Qualifications:

Course of study	Name of institution	Board/University	Course year	Percentile
Bachelor of Computer Science and Technology (B.Tech)	Guru Nanak Institute Of Technology (GNIT)	Autonomous (JNTU Affiliated)	2020 – current year	86
Intermediate	Narayana Junior College	TSBIE	2020	94.2
10th	Dilsukhnagar Public School	SSC	2018	93.1

Technical Skills:

- Proficiency in Java and Python Programming languages.
- Proficient in HTML, CSS, JavaScript, React, Node.js, MySQL, and MongoDB.
- Well versed with Software Project Development tactics.
- Experienced with Agile Development Methodologies.
- Strong leadership, problem-solving and debugging abilities.
- Intermediate knowledge of Machine Learning – flexibility using tools like Power BI.
- Flexibility as an effective Problem Solver.
- Profound capability in AWX and Mathematical Optimization Abilities

Skills Roaster:

- Python: 8/10

Note: Core knowledge acquired.

- Java: 9/10

Note: Core knowledge acquired.

- Machine Learning: 9/10

Note: Well versed in understanding and application to real life problems.
    Created a Report by implementing learning-based algorithms and Clustering.

- Strong Foundation in Computer Science: 10/10

Note: Possess a solid understanding of fundamental concepts in Computer Science, encompassing object-oriented design, algorithm design, data structures, problem-solving methodologies, and complexity analysis.

- Expertise in Distributed Computing: 7/10

Note: Experienced in working with efficient distributed storage, indexing, and querying systems.

- Agile Software Development: 8/10

Note: Skilled in designing and coding optimal solutions ensuring the delivery of high-quality software that meets project objectives by using tools, say, GitLab as a CI/CD platform.

- Operations, Monitoring and Software Management (DEV OPS): 8/10

Note: Knowledgeable and well-versed in applications.

- Project Management and Project Development: 9/10

Note: Vouched as a team player where more than positive desired results have been accomplished.

- Web Design (WordPress): 10/10

Note: Created website and wrote blogs from scratch and mastered the platform.
