Chirag Chopra

Software Engineer

+91-9468480157 chiragchopraworks@gmail.com in LinkedIn GitHub

Skills

- Java, C++, NodeJs, Typescript, JavaScript, Angular, ReactJS, React Native, Redux, MongoDB

- SpringBoot, Data Structure and Algorithms, OOPs, REST API, JUnit, Jest, Git, GitLab

- System Design, Design Pattern, Frontend, Backend, Fullstack

Professional Experience

Software Engineer, *(GE HealthCare)*   **Bengaluru, KA** *08/2020 - present*
- Took ownership of SOUP upgrades, delivering results on time, leading to a 2-week reduction in project timeline.

- Led a team of 3 and delivered 2 major milestones 2 weeks ahead of deadline.

- Led front-end development and provided leadership to the team.

- Developed detailed low-level designs for new features to facilitate easier execution.

- Conducted proof-of-concept using Windows IIS web server for migrating a legacy project.

- Saved $ 100k by providing an end-to-end in-house solution for localized e-manuals.

- Managed and improved 802.1x certificate authentication.

- Developed numerous features to enhance user experience and usability.

Digital Technology Intern, *(GE HealthCare)*   **Bengaluru, KA** *01/2020 - 07/2020*
- Modified the in-house developed customer experience app using Java and React Native.

- Developed a customer feedback mechanism for post-purchase closures.

- Provided localization support in 18 languages for scalability across regions.

- Improved the payment success email notification system.

Software Development Intern, *(Accenture)*   **Noida** *06/2019 - 08/2019*
- Identified cost-cutting solutions by optimizing the database to reduce multiple data tables.

- Prepared Excel sheets for easier representation of data to clients.

- Performed operations on raw data to organize and enhance its usefulness.

Android Development Intern, *(Omninos Solutions)*   **Mohali** *04/2019 - 06/2019*
- Developed a food ordering app called Nani using Java and Android Dev kit.

- Created responsive UI for the food ordering app.

Achievements & Certifications

- Impact Award - Delivering with Focus (2023)

- Impact Award - Ownership (2022)

- Peer recognition - Ownership award (Jul. 2022)

- Peer recognition - Ownership (Jun. 2022)

- Impact Award - Delivering with focus (2020)

Education

B.Tech. Computer Science *Vellore Institute of Technology*   **Vellore, TN** *2016-2020*
Relevant Courses: Software Architecture, DSA, OS, Computer Architecture & Organisation, Java Programming, Web Development, AI, ML, Statistics & DBMS.
CGPA - 9.16
