MAANG App: Mobile Application for New Age Governance

- Built an Android Application to bridge the gap between people and their elected representatives by facilitating two-way communication.
- Winning Project for Problem Statement KK4 by Ministry of Statistics and Programme Implementation, Govt. of India.

SHIKHAR SRIVASTAVA
Senior Software Engineer

CAREER OBJECTIVE

IT Professional targeting challenging career opportunities in Software Development preferably in Delhi/NCR, Hyderabad and Bangalore.

PROFILE SUMMARY

- Showcasing an experience of nearly 3 years in the IT Industry, possessing expertise in diverse Software Development domains.
- Leading as a Senior Software Engineer at Info Edge India Ltd., with an experience in Cross-platform/Hybrid Application Development, Front-end Development, Platform Engineering and Research.
- Proficient in leveraging cutting-edge technologies such as generative AI, prompt engineering, and deep learning algorithms to drive innovative solutions and enhance user experiences.
- Skilled in collaborating with cross-functional teams to develop and implement strategies to achieve shared objectives.
- Acknowledged for outstanding problem-solving acumen and keen interest in swiftly adapting to emerging technologies and roles.

WORK EXPERIENCE

Info Edge India Ltd., Noida (June 2022- Present)
As **Senior Software Engineer**
Key Result Areas:

- Lead the migration of a vital page to React Native from its respective native tech stacks standardizing and streamlining site maintainability and user experience.
- Designed and implemented a strategy to create a flagship widget with exceptional scalability and seamless performance, achieved by decoupling dependencies from three previously utilized libraries serving the same function.
- Utilized Large Language Models (LLMs) to generate responses to frequently asked questions (FAQs) based on resident reviews.
- Delivered several complex tasks with extensive business logic and async workflows timely in a fast paced environment in react native catering all mobile platforms with great quality.

Highlights:

- Significantly enhanced Core Web Vitals of mobile sites running React Native, by **20+** points that boosted the SEO ranking.
- Successfully reduced page load time on apps to **~1s** and improved overall user experience on mobile platforms.

Info Edge India Ltd., Noida (June 2021- June 2022)
As **Software Engineer**
Key Result Areas:

- Utilized React Native for seamless cross-platform mobile development across Android, IOS and mobile sites, catering to **10M+** users.
- Developed feature-rich widgets using Highcharts, React, and React Native for desktop and mobile platforms.
- Implemented key functionalities and Native modules in Swift to provide native support on iOS platforms to smoothly run react native on iOS enhancing user engagement and experience.

EDUCATIONAL QUALIFICATIONS

- **B.Tech. Computer Science and Engineering (2017-2021)**
  National Institute of Technology, Patna CGPA: 8.96
  Programming Coursework (Data Structures and Algorithms, Programming Languages, Computer Networks, Operating Systems, DBMS, Machine Learning, Deep Learning)
- **12th (2017)**
  G.N. National Public School, Gorakhpur (CBSE) 94.4%
- **10th (2015)**
  G.N. National Public School, Gorakhpur (CBSE) CGPA: 10
