SUMMARY

Knowledgeable and qualified network engineer skilled at configuring and maintaining communication networks. Looking forward to applying and sharpening my skills with Prudential.

CAREER SUMMARY

Team Computers: Network Engineer, November 2022 to present

Project: **Implementation L2, L3 switches, PAN India Project (LIC)**

- Successfully completed project over pan level India which includes L2 switch replacement in DC and multiple branches and offices for LIC client
- Migration of cisco L2, L3 devices to new devices. HFCL, Cisco C3650, C9500, C6500 catalyst.
- Complete DC implementation with switch to servers including L2, L3 switches. N9k(93180-FX24/93180-FX3)
- Check the configuration (TACACS, SNMP, VLAN, TRUNK, VPC and LACP) in previous device and then migrate to new devices.
- Plan the network design, including the selection of appropriate network devices with no failure of client stake holders.
- Understand the organization's requirements, including the network topology, VLANs, routing protocols, and security policies
- Document the new switch's configuration and provide training to the IT engineers.

Systrome Networks: Network Engineer, January 2022 to August 2022

Project: **Utility Integration, PAN India Project/Small cell-WiFi (Reliance 4G)**

- Perform ATP-1B and HOTO test case remotely on Techroute L2 devices.
- Configuration & Troubleshoot on Techroute L2 switches.
- Troubleshoot on Router (CISCO: - 920i, 903, &JUNIPER: - 2200, 104) as per the cascaded L2 device reachability and traffic requirement.
- ERPS, VLAN, NTP configuration on switches and routers.
- Utility equipment related L2 configuration.
- Co-ordination and troubleshooting with field team for L2 to allocation for Utility devices.
- Software's: Xshell and Cisco Packet Tracer.
- Switches: - Techroute switch (2708, 2716-L4,2716, 2510, 2506)
- Preparing daily basis report and send to the management.

Orient Technologies Pvt Ltd: Network Support Engineer, March 2021 to December 2021

Tikona Infinet Limited [Client] - Internet service Provider Company

- Handled customer connectivity and speed issue and TCP/IP Setting.
- Worked within a cross-functional team across 24x7 shifts to proactively respond to customer issues andnetwork issues.
- Troubleshoot of core router(Cisco 3400) and switch
- Checked parameters of Radio, wireless AP[Access point] and CPE[Central Premises Equipment's
- Troubleshoot and solve the problem using Ruckus and CnMaestro portals.
- Maintained detail technical documentation

SKILL SET

Network Assessment tools: Cisco packet tracer, Wireshark, Putty, Eve-NG

CCNA Skills: Configuration of Router and Switch, IP Addressing, Routing (Static, Dynamic), Configuration of VPC, VLAN, VTP, Inter VLAN Routing, NAT, Access List and WAN, Cisco Routers – ASR 1001HX, 1002HX series, CiscoSwitches – Cisco C3650, C9500, C6500 catalyst series, Knowledge of ACI, IPV4 Knowledge of BD, EPG, Tenant, Access policies , L2 out & L3 out, OSI and TCP/IP models, TCP and UDP protocols, Routing protocols – RIP,EIGRP, OSPF, Static, LAN/WAN : IP Routing, multi-layer switching, HSRP, TCP/IP, Switching: VLAN, STP, Ether channel, VPC,.

Networking Skills: Networking, LAN & WAN trouble shooting, Knowledge of IPV4 Knowledge of BD, EPG, Tenant, Access policies, L2 out & L3 out, Configuring Routers and Switches, Switch Configuration –VLAN , VPC, STP, VTP.

EDUCATION

Class/Degree [Year]	Board/School/College Name	Percentage/Grades
BE [Electronics and telecommunication]	University of Wolverhampton	Second Class (1st division)
Diploma [Electrical Engineering]	Pearson board	Pass
HSC – Science	Maharashtra Board	Second Class
SSC	Maharashtra Board	Distinction

PERSONAL DETAILS

Date of Birth: September 26, 1996

Language known: English, Marathi and Hindi

Marital Status: Single

Current Address: 3/8, Jai Maharashtra Nagar, Behind automatic company, Wagle Estate, Thane 400604.

DECLARATION

I assure that all the above-mentioned details are true and correct to the best of my knowledge.

Date -   **(Shubham Sahane)**
